FORREC LTD. ANNOUNCES \$100,000 DONATION TO UNIVERSITY OF TORONTO'S FACULTY OF ARCHITECTURE, LANDSCAPE AND DESIGN *Executive Director and University of Toronto Alumni Gordon Dorrett Announced Donation Today*

November 17, 2017 [Toronto Ontario] - Entertainment design company FORREC Ltd. today announced a \$100,000 donation to the John H. Daniels Faculty of Architecture, Landscape and Design.

The donation has been directed to support the transformation of The Daniels Building at One Spadina Crescent - specifically, the refurbishment of the CRIT Room, a space in which students deliver key presentations throughout the course of their programs. The room will today be officially renamed the FORREC Crit Room.

Gordon Dorrett, executive director and past president of FORREC Ltd., graduated from the University of Toronto in 1981, and the company today employs numerous graduates of the program.

"I'm a proud graduate of the University of Toronto, and I can't think of a better way to give back to the school that has given me so much than by announcing this donation on behalf of FORREC," said Dorrett. "At FORREC, we define ourselves by our forward-thinking approach, and we couldn't be more thrilled to support a program that is inspiring the next generation of architects, landscape architects and designers."

The Daniels Building, which has maintained its original heritage while integrating a new, stunning work of contemporary architecture, welcomed its first class of students this past fall.

ABOUT FORREC

FORREC is an entertainment design company that creates places of escape and destinations of distinction. Our creative house leads in the design of theme parks, water parks, mixed use + entertainment developments, resorts and visitor attractions globally. We create guest experiences others don't, master plan like no one else can, and give the world's biggest brands results they never thought possible. Based in Toronto, Canada, FORREC has built projects in 20 countries, with a history that spans 30 years. For more information visit www.forrec.com or @Forrecdesigns.
